LifeCORE VST-V8 Elliptical \$2699

Why should you move the same way, every workout? With the VST-V8, you are able to change your workout because you can change the way the machine MOVES and FEELS!

Imagine being able to Step, Walk, Jog, or Run, with a touch of a button. It not only adjusts the stride, it changes the entire movement of the machine. With the Variable Stride Adjustment, you can change your stride to accommodate the way YOU move.

Since the VST-V8 works so differently than any other machine on the market, it should be called a Trainer rather than an Elliptical. It TRAINS you to move as your body was intended. Much like a personal trainer, the VST-V8 assists you with your fitness goals and helps you reach them in LESS TIME and MORE COMFORT!

LifeCORE CD400 Elliptical \$1799
